Bent Creek Bridge

Quite a delegation from Bent Creek and Gladstone attended the regular monthly meeting of the Board of Supervisors here today. The people of that section are greatly interested in rebuilding the bridge over the James at that point Nelson county is ready to aid and so is the C. & O. Ry. Many private subscriptions are being made by the people, and they are so deeply in earnest about the matter that many of the private subscriptions are liberal. Mr. K. T. Crawley and Capt. Capell, of the C. & O., reports that the railway company is greatly interested at this time, and the people feel that now is the time for action—to secure a bridge to accommodate the heavy traffic at that point. The proposition is for the railway company to put up most of the money and construct and maintain the bridge. Appomattox county will be called on for an appropriation of $5,000, and the Supervisors have the matter under consideration and will decide the appropriation at a special meeting to be held here on the 28th inst. For the small appropriation of $5,000 the people of that splendid section will secure a structure valued at $60,000 We hope the Board will be able to make the appropriation No one can deny the great need and wisdom of the expenditure.

Big Speeches for Buckingham C. H.

Last camp of Robert E. Lee Memorial Park betent rally will be held at Buckingham C H. on Saturday, July 24th, beginning at 10:30 a. m. The program will consist of speaking by prominent Virginians, and other interesting features Among those invited to speak are Hon. Harry St. George Tucker, Congressman H D Flood, Gen. Coleman Reunion

On Saturday, July 10, there was a very happy reunion of Mrs. Anna Coleman's children and grandchildren.

Nine of Mrs. Coleman's children were present—Messrs J. W. and Geo. T. Coleman, of Lynchburg; J. Randolph Coleman, of Charlottesville, and Mace H Coleman, of Washington, D.C.; Mesdames Blanchard Ferguson, Robert Holycross, W. R. Cheadle and Miss Bessie Coleman, of this county, and Miss Etta Coleman, of Lynchburg; one son, Mr. Luther Coleman, of Baltimore, was absent. Three daughters in-law—Mesdames J. W, George T. and J Randolph Coleman, were present, and one son-in law, Mr. W R. Cheadle. Twenty-eight grandchildren were there, four grandchildren and one great-grandchild being absent.

Mr. and Mrs. Clem Coleman, Mrs. Tom Odor, and Rev. East of Liberty Baptist church, were welcome visitors. Mr. East conducted a brief and appropriate service on the lawn.

The dear, honored mother was well and enjoyed the reunion of her loved ones beyond expression.

Although her husband some years ago passed into the great beyond, she is tenderly cared for by her children, and we hope that in the providence of God she may linger many more years and enjoy life's blessings. EYE-WITNESS.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

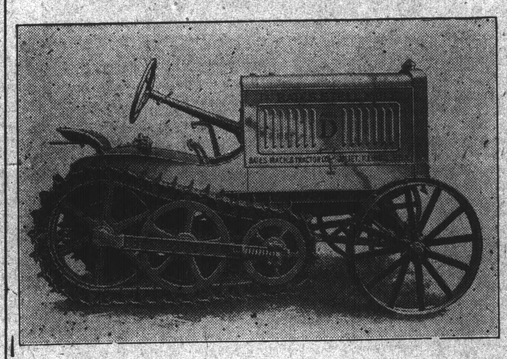
Every Inch of the Bates Steel Mule is Thoroughbred



The United States government by means of the Department of Agriculture, has been looking into the tractor question, and its bulletins clearly proves that the satisfied tractor owner—men who say that the tractor has paid—are men who own the BETTER CLASS of tractors. The successful man has learned years ago that he can't get something for nothing. No one can. The reason the BATES STEEL MULE costs more is that it is worth more. Skilled factory procedure, quantity production and the most modern Machinery enables us to save money at every turn, yet the BATES STEEL MULE cost slightly more in the beginning to build but considerably less in the long run to own. It's just another case where a seemingly higher priced article is far cheapest to own when you come to actually USE it.

The Bates thoroughbred quality comes not from mere claims, but from what's put into it. Every part that goes to make up the BATES STEEL Mule is put there by long field experience. There isn't a part that is'nt time-tried and tested. There is'nt a part that experience has'nt dictated the shape and size of; and in it all there is'nt one superfluous part, nor one part that isn't capable of standing up under twice the strain it gets in actual use. These are things experience and practice have distracted. The BATES comes to you as a fulfillment of your desire for a tractor that will endure. Price is what we pay for a thing. Value is what we get out of it. Consider your tractor from what you will get out of it, consider how many working days you have when the ground is wet, consider the operations where you can not afford to pack your seed bed, and consider how constantly and economically they must be performed even in rush times, you will then see why the BATES STEEL MULE is the biggest value offerd in any tractor on the American market today.
